2019 AHIMA Health Date and Information Conference

Total number of CNEs possible: 21

Clinical Coding Meeting:

Total number of approved sessions:26

Total possible CNEs: 12

September 14, 2019

Number of CNE's Approved	Time	Title
1.5	8:30-10:00am	National ICD-10 Policy Update
1	10:30-11:30am	CPT Code Set Update
1	12:30-1:20pm	Coding Red Flags……Risk and Meeting Compliance
		Infusion and Injection Coding
		Let's Get Real: Does CDI Improve Patient Care?
1	1:30-2:20	Do Your Providers Understand the Regulations for NPP Services?
		The 4th (2018) Universal Definition of Myocardial Infarction: New Terms & Updated Definitions
		Clinical Documentation Compliance at the Crosshairs of EHR & Enabling Technologies
1	3:00-3:50	Developing & Implementing an Audit Program for Physician Services
		Dissecting the Operative Report to Assign Appropriate ICD-10-PCS Code(s)
		Physician Query Audits to Avoid Pitfalls
1	4:00-4:50	Diaries of a Professional Fee Compliance Auditor
		Coding the Silent Wounds of War for U.S. Military Veterans: PTSD & Alcohol Use Disorder
		How "Good" is Your CDI program (really)? See How the CDI Program Self-Assessment Tool (CDI PSAT) Can Help
6.5	Total CNEs Possible	

Number of CNE's Approved	Time	Title
1	8:30-9:20am	Denial Prevention: Addressing Root Causes Through Data Analytics & a Team-based Culture
		Optimizing Performance in the Quality Payment Program (MACRA)
		Duke's Robust Methodology & Governance for Quality Coding On & Offshore
1	10:00-10:50am	Keep a Watch on ICD-10-PCS Procedure Codes
		Care Management Coding
		Moving the Needle: Where Coding Meets Quality
1	11:00-11:50am	Revenue Integrity: What Should You be Doing Right Now?
		Documentation Risk, Reimbursements & Rewards – E&M, MDM, CPT, ICD-10 & Modifiers
		PDPM – The Soon to be New Normal
1	1:00-1:50pm	Outpatient CDI: One Size Does Not Fit All
		Eliminate Confusion When Coding & Documenting Behavioral Health Services
1	2:30-3:20	Servant Leadership in the HIM Spectrum
5.5	Total CNEs Possible	

Education Sessions:

Total number of approved sessions: 39

Total possible CNEs: 9

September 16, 2019

Number of CNE's Approved	Time	Track	Title
1	1:30-2:15	CDI	How to Avoid Clinical Validation Denials: Hear from a Panel of Experts
		Coding	General Surgery—Head to Toe
		Continuum of Care Track	It's Not Your Momma's Healthcare
1	3:30-4:15	CDI	Lightning Round with Expert Panel: Avoiding Clinical Validation Denials
		Performance Improvement	Five "Amazing" Health Information Plan Do Check Acts
		Continuum of Care Track	Post-Acute Care and Referral Management: Coordination + Collaboration + Continuity = Connecting the Continuum of Care
		Leadership	Leadership Strategies to Influence Employee Engagement
1	4:30-5:15	CDI	Beyond the Appeal: Challenging the Current Climate of Clinical Validation Denials
		Coding	Challenging Cardiac Surgery Coding in ICD-10-PCS
		Continuum of Care Track	Transitions of Care and Timely Physician Documentation: A Research Project
		Innovation	Leveraging Artificial Intelligence for Prior Authorization
		Leadership	The Intersection of Leadership and Data
3	Total CNEs Possible		

September 17, 2019

Number of CNE's Approved	Time	Track	Title
1	1:30-2:15	CDI	Building an Integrated Documentation Integrity Team
		Innovation	SO/GI Data: Up Close with the Fenway Institute
		Coding	Creating a Powerful Coding Compliance Program
		Continuum of Care Track	The Aging Care Continuum and the HIM
		Physician Practice	Outpatient HCC CDI: HCC Education, Data Mining, Queries and Other Strategies to Accurately Impact RAF Scores for Provider Groups
		Quality Measures	Surgical Quality Databases: What to do when Clinical Definitions Vary
1	3:30-4:15	Coding	Five Steps to Avoid Penalties and Ensure Proper Reimbursement with Quality Documentation
		Physician Practice	Are You Tired of Problem Lists Causing Problems? Let's Clean These Up!
		Continuum of Care Track	Preparing Your Skilled Nursing Facility for Patient-Driven Payment Model (PDPM)
		Revenue Cycle	Preparing the Healthcare Revenue Cycle for 2020
1	4:30-5:15	CDI	Getting to Know the Claims Data: Optimize Risk Adjusted Mortality
		Coding	Coding training and Feedback-Reaping the Benefits and Maximizing the Output
		Continuum of Care Track	Managing Long-Term Care Survey Data and Adverse Events
		Quality Measures	Harnessing the Power of Clinical Data Registries

		Physician Practice	Does the Documentation Tell the Story
3		Total CNEs Possible	

September 18, 2019

Number of CNE's Approved	Time	Track	Title
1	9:00-9:45	CDI	Outpatient CDI: Who, What, and Where in the Hospital Setting
		Innovation	Consumer-Driven Health: Apple Health, FHIR, And Epic My Chart
		Revenue Cycle	Claims Submission vs. RAPS Submission: Understanding the Difference
		Third Party Audits	E/M Auditors' Playbook
1	10:00-10:45	CDI	Outpatient CDI: Who, What, and Where in the Clinic/Provider Setting
		Third Party Audits	How to Plug the Revenue Leak: Automated Identification of Missing Professional Charges
		Continuum of Care Track	Overcoming Data Sharing Barriers for Substance Abuse Treatment in Primary Care Settings
		Revenue Cycle	Moving from Denial Management to Denial Prevention Using Root Cause Analysis: A Case Study
1	10:50-11:35	CDI	Outpatient CDI for Oncology and Hematology Services
		Revenue Cycle	Healthcare Payment Reform and the Role of Coding and Clinical Documentation

		Continuum of Care Track	Mental Health Assessments, Testing and Adaptive Behavior
		Innovation	Telehealth: What's New, What's Changed, and What it Means to HIM
3	Total CNEs Possible
